

**Access Imaging Inc.** has everything you need to create or enhance your large-format digital printing centre. Our specialists will lead you down the shortest path to profitability with help in design, implementation, operation and maintenance of your printing enterprise. We supply you with the best equipment, the proper supplies, expert advice and comprehensive service. We'll have you printing and profitable in the shortest time possible, and we'll help keep you there!

**EQUIPMENT • Print for Profit.**

*Access Imaging Inc. is an HP Elite Partner in Canada.*

HP is a market leader in large format digital printing technologies and was the first to market a large-format graphics inkjet printer. It continues to lead in such areas as automatic calibration, unattended printing, speed, image quality and environmental stewardship.

Like **Access Imaging Inc.**, HP takes a total solution approach to its offerings, which include plotters, RIPs, calibration equipment, inks and media – everything you need to output your files.

*HP and Access Imaging Inc. are proud to be partners in this dynamic industry – together, our strengths add real value to what we can do for you.*

As specialists in setting up or enhancing digital printing centres, we can satisfy all of your equipment needs:

- **Plotters**
- **Trimmers**
- **Cutters**
- **Software**
- **Laminators**
- **Scanners**
- **RIPs**
- **Workstations**

**Access Imaging Inc.** will help you find the right technology for your business - from multi-density thermal inkjet printers that produce unparalleled quality, to low-cost outdoor solvent printers and UV-curable that print roll-fed, flatbed (direct to substrate), or in grand format!

Partnerships with top manufacturers like Apple, Seal, Rimage, Hewlett-Packard and Onyx, allow **Access Imaging Inc.** to recommend the right equipment for you. We ensure that all components work together seamlessly.

Our team of experts also provides hardware, software, and service for all your computer needs - office systems, networking, data storage, integrated operations software, communications, and network internet access.

*Trust Access Imaging Inc. to integrate the newest and best technology into your workplace!*

**At Access ...**

... we have a true understanding of the equipment, the software, the print media and materials needed to get and to keep you operational.  
 ... we utilize the same systems and supplies that we sell.  
 ... we know what works and what doesn't work and we will pass this insight on to you.

## SUPPLIES

### • Materials & Consultation

Before we fill your order for inks and toner, paper, vinyl and other media, we ensure they are right for your equipment and achieve the desired output. Our application consultants recommend the right inks for use with the various media, the products that give the best results for indoor or outdoor use, and the inks that work best on your equipment.

You'll run at peak performance, avoid costly job refusals and achieve optimum value.

Call our order desk for everything you need - the media, inks, toners- and we'll get it to you the same day or overnight.

*At Access Imaging Inc., we stock HP and ColorSpan legacy supplies.*

## SERVICE

### • Experienced Team = Fast Results

We've experienced the problems you may face; let us help you avoid them! Since **Access Imaging Inc.** knows how to operate the equipment, our team is experienced with the type of issues you will face every day!

Whether you're having a problem with hardware, software or an application, our team of factory-certified specialists will find the solution. A Performance Maintenance Agreement offers you premium support on all equipment. Our support team provides:

- Guaranteed response time
- Telephone and on-site support
- Preventative maintenance
- Fast repair of mechanical failures
- Application support
- Team effort
- Back-up printing services

*Our experience benefits you in time and money saved!*

## LARGE FORMAT DIGITAL DEMO CENTRE

### • Make a Big Impact!

Access Imaging Inc. can take you to visit an established Demonstration Facility where you can see most of the equipment that we sell in a live production environment.

*Call today to book an appointment!*
